

Fluctuations in Working with Families of Individuals with Dementia Webinar

Tuesday, April 12, 2022 | 10 a.m. to 12 p.m.

Cost: \$10 | 2.0 Social Work CEUs available

Join us as we discuss some of the relationship changes that may occur within the family when an individual is diagnosed with dementia. This webinar will give both family members and professionals some understanding of the respective challenges faced when dealing with dementia-related illnesses. This presentation will include the sharing of real-life situations, participant activities and ways to promote problem solving through improved communication with one another.
